

Body Measurement Points

Measurement Tips:

- Do Not Take Your Own Measurements; Measurements Must Be Taken By Second Person.
- Use Flexible Measuring Tape, Such As Plastic or Cloth.
- For Consistent Measurements Tie A Ribbon Around Your Waistline.
- Always Refer To Diagram For Exact Points of Measurements.
- Measuring Conditions Must Be Remain Same Each Time.
- Don't Trust Your Memory; Be Sure To Write The Measurement.
- Its Better If You Measure Yourself On Your Bare Skin, or Protection You Will Wear Under The Garments
- While Measuring, Please Stand Tall With Relaxed Muscles and Feet Together.

Please don't hesitate to ask if you find it difficult to measure or have any doubt while measuring. Send your query to +1 (503) 389-0262 our experts will contact you within 24 hours.
